FairTrade

The story

SPARKTEEZ was born out of two simple ideas:

To create a unique, premium and elegant beverage based on one of the best ingredients the earth has given us: tea.

To create an optimistic experience that awakens the senses, without compromising on pleasure and quality to celebrate with refinement on any occasion.

A perfect combination,
A unique recipe

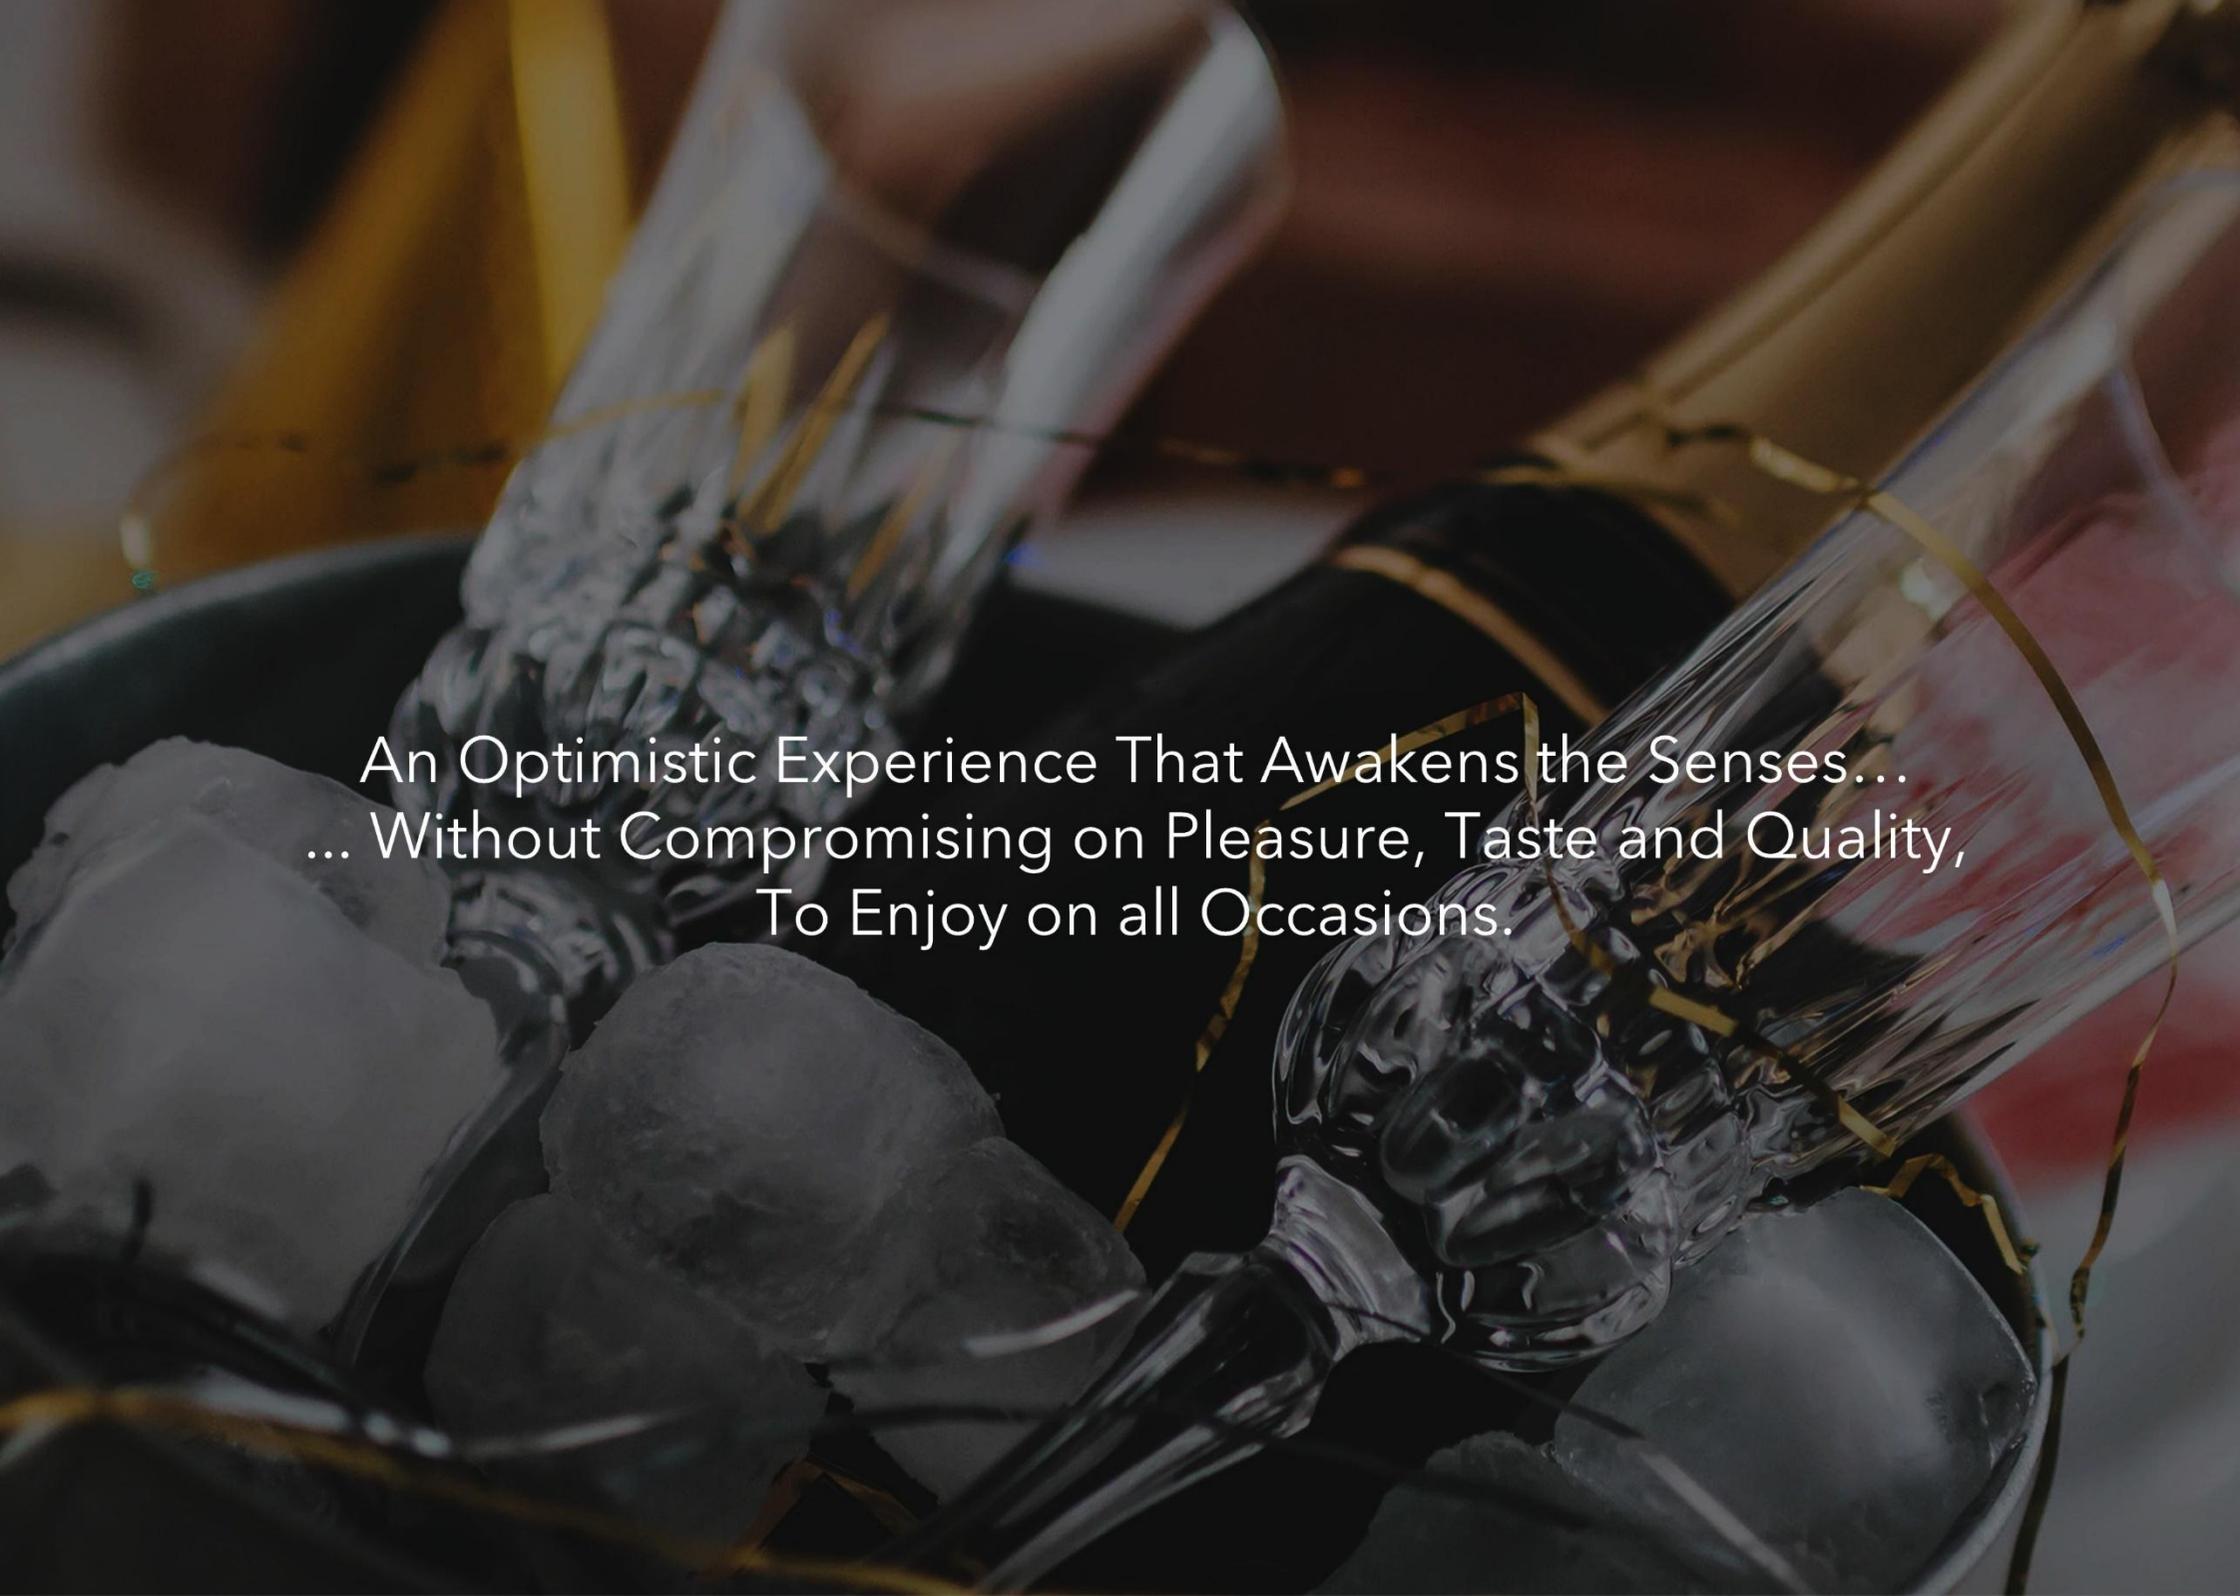

Bring together the best organic
and fair-trade teas on earth
to create the perfect symbiosis.
Add fine, light bubbles.
Let the magic happen!

Our sparkling tea is a premium, festive and delicate concept: the ALCOHOL-FREE alternative for celebrating in style.

A unique experience combining the natural benefits of tea and the finesse of bubbles.

The background is softly blurred, showing hints of a festive or celebratory setting with gold and red accents. The overall lighting is warm and focused on the glass and ice.
